Dear Chief Monias:

RE: 2019/20 GRANT FUNDING

Thank you for your letter dated April 4, 2019 which was received by electronic mail on April 8, 2019. I am appreciative of your consideration of my April 2, 2019 letter which offers grant funding for the 2019/20 fiscal year with certain parameters. There are items raised in your April 4th letter that will need to be resolved prior to the first quarterly payment.

It was recently brought to my attention that an election has been called for Pimicikamak/Cross Lake Band of Indians and that the nomination process is currently underway for Chief and Council. I am certain both you and the community would not want discussions on the unresolved grant funding matters to in any way prejudice the integrity of the Pimicikamak/Cross Lake Band of Indians electoral process. Given this, it would be prudent to postpone both our April 26th, 2019 meeting and further discussions on the terms for this fiscal grant funding, until after the election.

Yours truly,

JG/maw
